**Run open to 40 cars first registered before 1914**

This year the Amicale Denis Papin has decided to travel further afield to Croisic in Brittany where not only are the roads well suited to our pre - 1914 vehicles, but gastronomy plays a mayor role. We hope to attract cars from the centre and North of France , for the relatively easy drives. We also hope that some of our friends from further afield may be able to join us for this 26th Poilus rally. The "Port aux rocs" hotel where we will be staying is a three star hotel with a swimming pool situated on the Croisic peninsula. Parking up of trailers and towing vehicles is on site. For those living locally it will be possible to tailor their taking part and they should contact us accordingly. Equally for those travelling from further afield it will be possible to arrive on the evening of thursday 10th May and leave on Monday 14 th May and benefit from favourable terms negotiated for the rally . As usual a breakdown service will be available to assist any vehicles in difficulty. A Gala Dinner with souvenirs will take place at the end of the rally
